# Real Apollo Heroes

When disaster strikes, too often people stand by and don't get involved, but not William Summers and Carl Wenzinger. These brave Apollo employees rushed to aid victims of a tragic accident on the freeway.

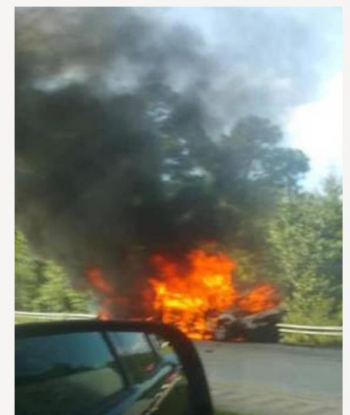

"On Thursday the 29th of August, while traveling on I-40, in Johnson County, near Raleigh NC, driving between assignments for the day, William Summers, and Carl Wenzinger, were indeed tested; their actions were nothing less than heroic. They were headed to their next store, when they witnessed a multi-vehicle crash, without consideration for their own safety, William and Carl rushed towards the accident and the burning cars: After smashing windows and cutting seat belts, they were able to pull three people from the wreckage, before the cars erupted into fireballs, trapping other people still in the cars: Their valiant behavior, and their calm and

collected response that day saved three lives. " said Brian Callaghan in an email to Apollo.

Apollo thanks you and praises you for your valiant effort in saving those lives. You make us so very proud!

Ranette has been with the company for going on 8 years now. She started doing accounts payable in the Apollo Beach office and moved up to be the Accounts Receivable and Accounts payable manager. In her current position Ranette has been integral in the AP and AR transition of the many acquisitions since her arrival here. Ranette is also a member of the Social Committee here at the Tampa office. Always helping to make sure the people here are taken care of. She is the most dedicated and hardest working person I have had the pleasure to work with. ### **Will Harris**

*I had a service appointment with Apollo Assembly to put together a treadmill I purchased on Amazon (Order: 112-5784035-7472218). William is the Apollo employee that came to my house to set up my treadmill. I'm hoping you know this already but in case there is any doubt: Will is AWESOME. I don't think I have ever had a nicer person come to my home for any type of in-Home service- and I'm a middle-aged very non-mechanical lady...so I have had more than a few folks to my home to help me with things over the years! I just wanted to share my experience with you and let you know what a stellar representative of your company and services you have in Will. My treadmill is working wonderfully but just as important I am so thankful that such a kind and delightful person was the one who came to provide me with my much needed treadmill help. Please share my thanks with Will and his superiors- and any others within your organization who are looking for an exemplary example of providing service. Having had a few less positive experiences with in-home service/repair I can't tell you how much it meant to me to meet Will and have him in my home. I have already provided a review on Amazon and I would enthusiastically recommend Apollo to anyone needing your services.-- Assembly Customer*

### **Felix Mondragon**

*Team lead Felix of the company Apollo has been a huge pleasure to work with. His punctuality and readiness of materials has made this appliance reset go very smooth. The project has been completed already and was done in a timely manner. Him and his team have been the most professional people I have ever had the pleasure of working with. All in all they are an extraordinary team and deserve the upmost praise! - SM Matt*

### **1862/E. New Brunswick NJ Crew**

*The team here is really working out well and have been extremely cooperative and hard working. We had a couple of hiccups on Tuesday night but the team came in last night fired up and ready to make that ground back up. The way this team is working together and working with me as well I would say we are on schedule. -Lowes*

### **Luis Estrada**

### **Rachel Schrade**

*Rachel is one of the hardest working reps we have at this store and everyone loves her. There isn't a moment that she arrives that Rachel isn't accomplishing something meaningful and impactful to my store. Our Red Vests have asked me several times if we could schedule her more often than her rotation, and compliment her when she is at my store while I'm out. The managers over the departments she works in have come to me time and again about her work ethic, and I always pass these notes to her, but I think it's important for her own leader to be aware of what she means to our store. You have a real keeper, and we appreciate what she does for us. Rachel is someone who will find her own work, and do more than is asked of her in tasks regardless of the requirements. It's really good to know we have someone like her on our side, and we want to thank you for letting us borrow her from you every so often. -- Lowes Manager*

### **Paula Segovia & Team (Virginia Bin Tag Crew)**

*I wanted to personally thank you for the bin tagging crew at 2 locations this week helping with the large TV conversions. Paula, the crew leader was exceptional and the staff was AWESOME. I would highly recommend them for future use as Ace continues to grow. They covered Lynchburg and Christiansburg.-- Ace DM*

### **Jeff Meckley**

*Jeff Meckley was the most professional and kind person they have ever had the experience to work with during a process such as this. He was kind to everyone in their office and worlds different than the original installers that went in. She also stated if she could that she would specifically request him to come in and do their installations - she would!- Busch Business Furniture*

### **Chester Myers**

*I wanted you to know that I received a customer compliment today for CHESTER MYERS, our in store rep! Chester went above and beyond for one of our customers and does a great job for us at our store!- Corey, Store Manager*

### **Gary Becker & Target Team #1051**

*Just wanted to pass along these compliments from the General Contractor at T1051. I agree with them that Gary and his team performed well. They were very professional, Team Players and took care of a lot of potential issues before they arose and actually became issues. -Target Gary and the Apollo crew has been outstanding. I have been working on Targets for 14 years with Williams and this crew is one of the best if not the best.- Superintendent*
